### **Press release**

Eiffage has decided, as a precautionary measure and with immediate effect, to suspend Mr. David Roquet, an employee of one of its subsidiaries, implicated in the legal investigation currently taking place in Lille.

An internal enquiry was launched immediately: following this, the appropriate decisions and disciplinary sanctions will be applied.

Eiffage reserves the right to use all the legal means necessary to prevent its reputation being damaged due to individual acts which it strongly condemns. The Eiffage Group will provide full assistance to the authorities in charge of this investigation.
