FOR 30 YEARS...**

With the signature of a 30-year concession contract for a carpark to be constructed with 585 spaces, and by signing the lease, also for 30 years, for 1,856 parking spaces, OMNIPARC will operate all the fee-paying parking spaces in the town of Aubagne (Bouches-du-Rhone).

Created at the end of 1998, OMNIPARC has the strategy of purchasing independent carpark companies and establishing a position in medium-sized towns supported by the Eiffage Construction network.
